Paper No. #16

I hereby request access under 37 CFR 1.14(a)(1)(iv) to the application file record of the above-identified ABANDONED application, which is identified in, or to which a benefit is claimed, in the following document (as shown in the attachment):

United States Patent Application Publication No. _____, page, _____ line _____,

United States Patent Number 6673375, column _____, line, _____ or

WIPO Pub. No. _____, page _____, line _____.

Related Information about Access to Pending Applications (37 CFR 1.14):**Direct access to pending applications is not available to the public (see 37 CFR 1.14(c) if applicant) but copies may be available and may be purchased from the Office of Public Records upon payment of the appropriate fee (37 CFR 1.19(b)), as follows:****For published applications that are still pending**, a member of the public may obtain a copy of:

- the file contents;
- the pending application as originally filed; or
- any document in the file of the pending application.

For unpublished applications that are still pending:

- (1) If the benefit of the pending application is claimed under 35 U.S.C. 119(e), 120, 121, or 365 in another application that has: (a) issued as a U.S. patent, or (b) published as a statutory invention registration, a U.S. patent application publication, or an international patent application publication in accordance with PCT Article 21(2), a member of the public may obtain a copy of:
 - the file contents;
 - the pending application as originally filed; or
 - any document in the file of the pending application.
- (2) If the application is incorporated by reference or otherwise identified in a U.S. patent, a statutory invention registration, a U.S. patent application publication, or an international patent application publication in accordance with PCT Article 21(2), a member of the public may obtain a copy of:
 - the pending application as originally filed.

This collection of information is required by 37 CFR 1.14. The information is required to obtain or retain a benefit by the public which is to file (and by the USPTO to process) an application. Confidentiality is governed by 35 U.S.C. 122 and 37 CFR 1.14. This collection is estimated to take 12 minutes to complete, including gathering, preparing, and submitting the completed application form to the USPTO. Time will vary depending upon the individual case. Any comments on the amount of time you require to complete this form and/or suggestions for reducing this burden, should be sent to the Chief Information Officer, U.S. Patent and Trademark Office, U.S. Department of Commerce, P.O. Box 1450, Alexandria, VA 22313-1450. DO NOT SEND FEES OR COMPLETED FORMS TO THIS ADDRESS. **BRING TO: File Information Unit, Crystal Plaza Three, Room 1D01, 2021 South Clark Place, Arlington, VA.**

If you need assistance in completing the form, call 1-800-PTO-9199 and select option 2.

Primary Examiner—Michael G. Hartley**Assistant Examiner**—M. Haghighatian(74) **Attorney, Agent, or Firm**—Susan T. Evans; Mark A.
Wilson; Felissa H. Cagan(57) **ABSTRACT**According to the subject invention, dispersible dry powder
pharmaceutical-based compositions are provided, including
methods for their manufacture and dry powder dispersion
devices. A dispersible dry powder pharmaceutical-based
composition is one having a moisture content of less than
about 10% by weight (%w) water, usually below about 5%w
and preferably less than about 3%w; a particle size of about
1.0-5.0 μ m mass median diameter (MMD), usually 1.0-4.0
 μ m MMD, and preferably 1.0-3.0 μ m MMD; a delivered
dose of about >30%, usually >40%, preferably >50%, and
most preferred >60%; and an aerosol particle size distribu-
tion of about 1.0-5.0 μ m mass median aerodynamic diam-
eter (MMAD), usually 1.5-4.5 μ m MMAD, and preferably
1.5-4.0 μ m MMAD. Such compositions are of pharmaceu-
tical grade purity.**26 Claims, No Drawings**
